

God's Country COVID-19 Information

We are closely monitoring the Centers for Disease Control and Prevention (CDC) statements regarding the novel form of coronavirus (COVID-19) and following guidelines from these agencies and other local and state governmental agencies.

Commitment to Our Residents & Guests

In order to fulfill our mission of being socially responsible and to prioritize the health and welfare of our guests and team members, we are implementing social distancing protocols for the management office, which is now open by appointment only.

We are also encouraging residents and guests to practice social distancing as recommended by the CDC.

1. Please call the office in advance of arrival or check out.
2. We also ask that you call the office to discuss any questions or concerns you may have rather than visiting the office in person. If you have a matter that cannot be addressed by phone, please call the office to schedule an appointment, which will help us limit the number of people at the office.
3. If you are under the weather, we ask that you please follow the guidance from the Centers for Disease Control and local public health officials and remain at your site, and do not visit the office or common areas of the resort.

If you have any questions, call the office **(409) 202-6722**.

Cleanliness

Cleanliness is always a top priority and the park common area is cleaned daily as part of our normal course of business. Over the past few weeks, we have increased the frequency and extent of those cleanings. Our team members have also received additional training and information regarding cleaning procedures and safety.

How to Stay Informed & Resources

For the most updated information and preventive protocols, please refer to the Centers for Disease Control and Prevention (CDC) web site.
